Dear Parent/Carers

Following on from our anti bullying campaign in March I have been into all assemblies to talk about bullying and how the students can help stop it.

Following feedback from students and parents Wellington Academy is introducing a student concern form, these are available around the academy for student to complete if they have been a victim of bullying or have witnessed bullying. The forms will be actioned by pastoral teams to ensure students concerns are addressed. This gives students the opportunity to inform staff about issues around bullying confidentially and at any time. I emphasised to students the importance of speaking out and supporting each other if we are to tackle bullying effectively.

Ms Phillip will be meeting with parents who expressed an interest on the anti-bullying committee shortly, if you are interested in joining this group of parents please contact the academy.

Yours faithfully

Katy Woods
Deputy Head
